If We Were You What Would We Do? Our Sample Itinerary For Activities To Do In & Around The Adirondacks

[Print our sample itinerary](#) of things to do while vacationing at the Fern Lodge.

History and Mountain Majesty - The history of the Adirondacks is as diverse as its geography. A battleground through at least 3 wars, the turf of loggers and miners, the vacation destination of Gilded Age magnates and home to two Winter Olympic Games, the depth and breadth of the region's heritage is matched only by its scenery.

DAY 1 - Adirondack Museum is a vast campus of 23 buildings including a truly rustic hotel, a luxurious private rail car, exhibits on logging, mining and local crafts. It is a "must see", rain or shine, as it is located in a very picturesque location overlooking Blue Mountain Lake. Take a tour of the Great Camp Sagamore, a vintage Great Camp and National Historic Landmark built by Alfred Vanderbilt. Gloria Vanderbilt spent childhood summers here as Carole Lombard and other Hollywood stars of the era played tennis and strolled along the lakeshore. Tour scenic Raquette Lake while having lunch on the WW Durant. Captain Pohl, offers a fascinating commentary on the history of the lake it's Great Camps and other points of interest. Tour Barton Garnet Mines, home to one of the world's largest garnet deposits. Dig for Garnets and visit the mineral shop. Take a train ride on the Upper Hudson River Railroad in North Creek and visit the North Creek Railway Depot Museum where Teddy Roosevelt learned he was the 26th President of the United States after the death of President McKinley.

DAY 2 - Lake Placid is home to both the '32 and '80 Winter Olympics. Take a chair lift up Whiteface Mountain or drive up the Whiteface Mountain Memorial Highway to see the view from the fifth highest mountain in the state. See the Olympic Arena and the Olympic Museum. Ride up to the top of the Olympic Ski Jumps for a magnificent view.

DAY 3 - During both the French and Indian War and the revolutionary War, the Lake George area, due to its strategic importance, was the scene of momentous warfare. Many landmarks are located in Lake George Village, where you can take a walking tour of the historic sites; among which is the Fort William Henry where costumed interpreters make the French and Indian War come alive in a Fort rebuilt from original plans. The French siege of the Fort was popularized by James Fenimore Cooper's 1826 novel, Last of the Mohicans. Coopers Cave happens to be in Glens Falls (not available to the public). Take a scenic drive up Prospect Mountain Highway for a birds eye view of Lake George and surrounding mountains. Cruise on the "Queen of American Lakes" -Lake George with Shoreline Cruises or the Lake George Steamboat Company.

Adirondack Golfing Galore

DAY 1-3 - There are multiple courses within 30 miles of the Inn including; Green Mansions and Cronin's (Warrensburg), Sagamore, Top of the World, and the Queensbury Country Club (Bolton Landing and Lake George), 1000 Acres (Stony Creek), and Wakely and Cedar River (Indian Lake). During both the French and Indian War and the revolutionary War, the Lake George area, due to its strategic importance, was the scene of momentous warfare. Many landmarks are located in Lake George Village, where you can take a walking tour of the historic sites; among which is the Fort William Henry where costumed interpreters make the French and Indian War come alive in a Fort rebuilt from original plans. The French siege of the Fort was popularized by James Fenimore Cooper's 1826 novel, Last of the Mohicans. Coopers Cave happens to be in Glens Falls (not available to the public). Two potteries; Fawn Ridge and Red Truck Clayworks are very interesting stops.

Visit both the National Museum of Dance and the National Museum of Thoroughbred Racing in Saratoga. No trip is complete to the area between the end of July through August without spending a day at the historic Saratoga Race Track to see the Thoroughbred horses race. We like to go late and leave early and win a few races in between! If betting isn't your style there is still a lot to do! Saratoga is beautiful for walking, especially Congress Park or Saratoga State Park. You can still take a bath in the historic Roosevelt Bathhouse. Don't forget to drink the famed (sulpher!) water to keep your forever in your youth!
